PILATES COMPREHENSIVE
INSTRUCTOR TRAINING PROGRAM

INTRODUCTION

- The Pilates instructor training program offers comprehensive training in the principles of the Pilates Method, covering both the mat-work and equipment based repertoire.
- The program is designed to follow the guidelines of the Swiss Pilates Foundation training syllabus, the only non-profit professional Pilates organisation in Switzerland dedicated to ensuring the highest standards of Pilates training, continuing education and code of conduct in Switzerland.
- The program covers –
 - The Principals and Fundamentals of the Pilates Method
 - Mat-work, classical and evolved repertoire
 - Equipment – Reformer, Cadillac, Wunda Chair, Ladder Barrel and accessory equipment: half barrel, spine support, balls, rollers, rotator discs, magic circle, therapy bands, leg and arm weights
 - Pilates Specific Anatomy
 - Postural and Movement Analysis
 - Injury Rehabilitation
 - Prenatal and Postnatal Exercises
 - Understanding and recognition of other professional disciplines and complimentary therapies for referral purposes
 - Teaching Methods
 - Business Management

REQUIREMENTS

- Applicants will need to submit a curriculum vitae and go through an interview process.
- Applicants should have an exercise or movement background.
- Applicants with a movement based background must complete at least 30 hours of Pilates sessions before starting the training program.
- Applicants with no movement background must complete 60 hours of Pilates sessions before starting the training program.
- Applicants must hold a current first aid certificate.
- Applicants wishing to join the Swiss Pilates Foundation (Schweizerischen Pilates Verband, SPV) must complete an anatomy course recognised by the ErfahrungsMedizinischen Register (EMR) prior to the completion of the training program.
- Final acceptance for applicant will be based on their overall aptitude and commitment to this training program and Pilates Method as a whole.

COURSE DURATION

- The duration of the training program is 24 months where approximately 1095 hours are covered.
- Training will take place during two semesters per year: April – July and September – December (this may vary according to holidays)
- After each semester trainees will be assessed on their progress. If after the first semester the instructor trainer or trainee feels like the training relationship is not a successful match, the training contract may be terminated by either party. (See pricing for early withdraw fees)
